EASTER EGG HUNT!

We're hiding 100 Easter eggs around our city on Easter morning!

HERE'S HOW YOU CAN FIND THEM

- We'll be hiding eggs in a handful of different areas in the HB/Costa Mesa area. All you need to do it take a look at the list, pile into the car, and go look for them!
- Our intention is for families to be able to complete this Easter egg hunt from the safety of a car. That means ALL eggs will be visible from sitting inside your car. No need to get out of the car or come into contact with anyone outside of your household.
- Most of our egg hunt locations are large shopping centers. The address provided will take you to one of the locations in the shopping center, but the eggs will be hidden all over the shopping center that particular store or business is located in. You'll need to drive around the area to find them.
- You can go to all of the locations listed, or just the few closest to you. Don't feel pressure to get them all. (Unless you want to. Because finding 100 Easter eggs all over your city IS pretty epic.)
- Eggs will be in place by 7am on Easter morning. So don't go looking earlier than that or you'll be on quite the hunt.
